
Dear Sir/Madam,

The NATO Support and Procurement Agency has a requirement for the supply of the materiel described in the “List of Items” attached to this Request for Proposal (RFP).

You are invited to submit a firm fixed price proposal, based on delivery – FCA Contractor’s facilities (Incoterms 2020).

IMPORTANT NOTES ON MATERIAL EXPORT

For non-U.S. vendors:

- For proposals for material not originating in the U.S. / not to be shipped from the U.S.:
 - In case of Incoterm “FCA Contractor’s facilities”, the contractor has to obtain the export license or export under existing licenses, if necessary.
- For proposals for material originating in the U.S. with place of delivery “FCA” in the U.S., to be delivered through the NSPA freight forwarder (JAS):
 - The same rules as for U.S. vendors apply (see below).
 - **To be included in the proposal:**
 - Name, address, POC, phone, and fax number of the U.S. subcontractor.

For U.S. vendors:

- For proposals for material with place of delivery “FCA” in the U.S., delivered through the NSPA freight forwarder (JAS):
 - **For defense items:**
 - For Significant Military Equipment (SME) designated as being under the jurisdiction of the U.S. Department of State, the contractor shall obtain the export license. A copy of the export license must be sent to the NSPA POC and to JAS before the material is shipped.

To be included in the proposal:
 - A statement that the item is Significant Military Equipment, and that the vendor possesses an export license or will apply for one.
 - The Schedule B Export Code. For details see <http://www.census.gov/foreign-trade/schedules/b/index.html>
 - For non-SME material: NSPA purchases most of the material for use in a NATO weapon / defense system. In these cases it is assumed that ITAR

(22 CFR) U.S. Munitions List applies. The NSPA freight forwarder possesses the necessary Department of State DSP-5 Export Licenses.

To be included in the proposal:

- The U.S. Munition List (USML) Category. For details see <http://www.fas.org/spp/starwars/offdocs/itar/p121.htm>
- The Schedule B Export Code. For details see <http://www.census.gov/foreign-trade/schedules/b/index.html>

○ **For non-defense items:**

- If it is the vendor's position that the material is not a defense item (i.e. not specifically designed, manufactured, modified, configured, or adapted for a particular defense / weapon system) and therefore shouldn't be shipped under a U.S. Department of State export license,

the proposal must include:

- A statement that the material is a non-defense item, i.e. "NLR" (No license required)
- The Schedule B Export Code. For details see <http://www.census.gov/foreign-trade/schedules/b/index.html>
- The Export Control Classification Number (ECCN). For details see <http://www.bis.doc.gov/licensing/exportingbasics.htm>

Note: Please ensure that the material is indeed a civilian item and not a "dual-use" item (i.e. a civilian item with military applications) which falls under defense trade controls.

- If the non-defense item is subject to be exported under a license to be issued by the U.S. Department of Commerce, the vendor has to obtain this license too and send a copy to the NSPA POC and JAS before the material is shipped.

To be included in the proposal:

- A statement that the item will be exported under a license by the U.S. Department of Commerce and that the vendor possesses an export license or will apply for one.

1. CONSIDERATION OF ALL INFORMATION

Your proposal must be prepared after careful consideration of all information provided in this RFP. In order for your proposal to receive an accurate evaluation it must conform to the terms of this RFP. Non-conforming or incomplete proposals may be refused consideration for award of a contract.

2. CONTRACTOR'S RESPONSIBILITY

With the submission of a proposal, the bidder guarantees that it has read the [NSPA Supplier Code of Conduct](#) and acknowledges that this Code of Conduct provides the minimum standards expected of the bidder, its employees, subsidiary or affiliate entities and subcontractors, should it be selected for award in accordance with the terms of this RFP.

Furthermore, the bidder guarantees that it is in possession of all the necessary intellectual property rights in force in the countries where the items will be manufactured and / or services will be performed, under the resulting contract and in other countries where the intellectual property rights are in force. It is the sole responsibility of the bidder to obtain any licenses necessary for the performance of this contract and for making any other arrangements required to protect NSPA from any liability for intellectual property rights infringement in said countries. The bidder will at its expense hold NSPA harmless and fully indemnify NSPA against all damages, costs, charges, expenses and the like arising from or incurred by any reason of any infringement or alleged infringement of intellectual property rights in consequence of the provision of the service and / or materiel.

You will be solely responsible for the performance of the contract resulting from this RFP. The fact that NSPA allows to subcontract or to call upon a third party for the performance of any part of the contract does not relieve you of your responsibility.

3. FORMER NSPA STAFF

Any bidder who proposes to employ former NSPA staff member(s) in the performance of this contract shall specifically identify the individual(s) and the position for which they will be hired. If NSPA determines that the former NSPA staff members will be employed in supporting a requirement for which they were personally and substantially involved while a NSPA employee, the bidder's proposal may be removed from further consideration for award. Failure to disclose such employment shall result in the immediate removal of the bidder's proposal from further consideration for award. This restriction shall be in effect for a period of two years after the former NSPA employee concludes their employment with the Agency, unless authorized in writing by the NSPA General Manager or their authorized representative.

4. BALANCING OF PRODUCTION

For contracts amounting to EUR 80,000.- or more, or equivalent in another currency, NSPA takes into account a "balanced production" policy. Under this policy, when offers from firms of different participating NSPO member states are otherwise similar, contract award is made to that bidder whose country, at time of award, is poorly placed in terms of balance, provided that the offer does not exceed the lowest offer by more than a certain percentage (10 % or 20 % depending on the relative position of the countries in terms of balancing) and the bidder agrees to match such lowest offer. Relative positions of the countries in terms of production balancing are determined by using the ratio "R"; value of the contracts placed by NSPA in a country compared with the value of sales made to the same country. The three categories in the NSPA scale of balancing are well-placed, less well-placed and poorly-placed, the latter category having the lowest ratio.

5. EVALUATION CRITERIA

The criteria, which NSPA will employ in selecting the successful offerer are indicated in the "List of Items" attached hereto.

6. ALTERNATIVE ITEM(S)

Proposals for alternative items shall be submitted with a complete description of the proposed items, and be accompanied with a certificate stating that the items offered are **fully interchangeable** with the requested items (same form, fit and function) or an explanation given on how they differ.

When a stock number is superseded, the bidder will so indicate in its offer furnishing the new stock or part number. In case of inconsistency between the National/NATO Stock Number and the Part Number, the NATO Stock Number will govern.

7. AUTHORISED SIGNATURE
